MY EXPERIENCE WITH TWISTED DOCTOR/SLEEPYKINQ + SPACYGALAXY/SPINKEE

CONTENT WARNINGS: GROOMING / NSFW / RAPE

I am **Pk Thunder** from the recent **CALLOUT ON TWISTED DOCTOR**
In this document, I will be referred to by the names, **Pk Thunder, Dream, Na-Namena Lonely/Lonelypaperbagtrash**

My birthday is **April 25th, 2005**
Twisted Doctor's birthday is **September 22nd, 2001**
SpacyGalaxy's birthday is **June 30th 2001**

The recent victims who came forward about Twisted Doctor's grooming mention events that took place during 2018-2022. While I was also affected by Twisted Doctor doing similar things with me at that time, the most inappropriate things that Twisted Doctor did to me were from 2017.

It's important to note that in 2017, Twisted Doctor & SpacyGalaxy were 16.

Normally, I **WOULD NOT** make a call-out post containing things that were done by a minor, as the person usually stops the behavior as they grow and learn that it is not appropriate to partake in with those significantly younger than them.

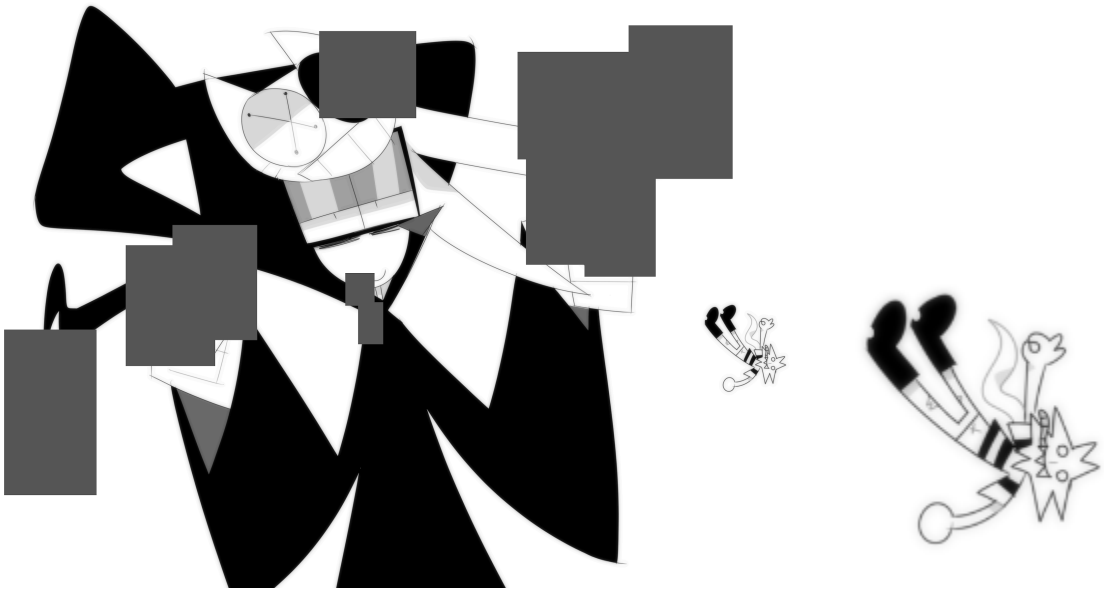
However, Twisted Doctor has CONTINUED this behavior after he turned 18.

I show these **NOT** to criminalize Twisted Doctor for things he's done as a teenager, but as a way to show that this is **REPEATED BEHAVIOR** that he has **CONTINUED** to do with other minors after me, even after he turned 18.

As for SpacyGalaxy, I show them **NOT** to criminalize her but to **provide context** of my relationship with Twisted Doctor.

TRIPLE THREATS SERVER

The **Triple Threats server** was a **private server** that consisted of Twisted Doctor and his friends at the time. The **ages** in this server ranged from **12-18**



Twisted Doctor has **drawn me** and **several other minors** in **micro-vore fetish** scenarios. I have revealed where I was in the image. **I was 14** at the creation of this drawing, while **Twisted Doctor was 17 about to turn 18**.

It's important to note that the character used to represent me in this drawing was **NOT** a persona. It was a drawing of what I looked like **IN REAL LIFE** with a M1stery face hiding my identity.

(This was done because I did not have a persona/fursona at the time. M1stery was chosen to hide my identity as I used to heavily resonate with the character.)

In the **Triple Threats Server**, there was a **13+ NSFW channel** called **“the-meat-room.”**

As **I was 14** at the time, I was allowed in. While I do not have many screenshots of the server, I have some that confirm the channel’s existence and the **sexual remarks Twisted Doctor said toward others** inside it.

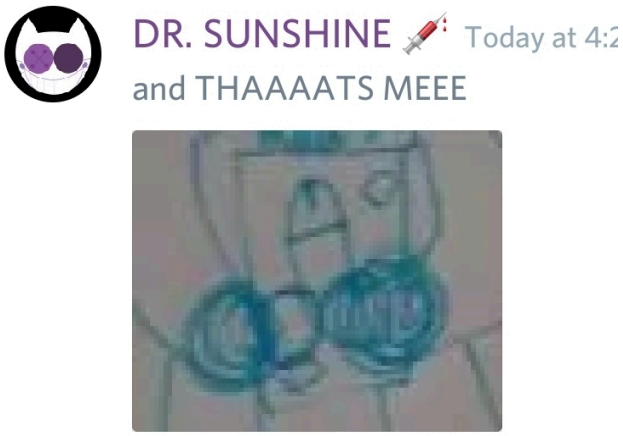
In the recent **CALLOUT ON TWISTED DOCTOR** this **image** was shown with **little context**.



I am here to confirm that **I am the artist of this drawing**.

This drawing depicts the different characteristics of Twisted Doctor's character, Mystery (These characters are known as **"The Layers."**)

The blue Mystery is a representation of Mystery's **addiction and sexuality**.
I should NOT have been allowed to draw Twisted Doctor's character in a suggestive/horny manner.

THE TROUBLE TRIO

The Trouble Trio was a group that contained my OC Laurence, Qroissant's OC Damien, and Twisted Doctor's OC Mystery.

Twisted Doctor had **suggestive roleplays** with me and Qroissant that depicted the characters flirting. Twisted Doctor also **drew a threesome** with me and Qroisssant's OC's.
Me and Qroissant were **14/15** while Twisted Doctor was **19**.

While I do not have any proof of the roleplay, I do have proof of us discussing it afterwards, alongside other drawings Twisted Doctor drew of the characters together.

(Clearly **insinuating masochism**.)

RAPE FANFICTION COMMISIONS

In 2017, if you recognize the usernames **Na-Namena** or **Lonelypaperbagtrash**, you'll most likely recall them from Tumblr or Wattpad, specifically relating to **rape/non-consentual fanfictions** with Twisted Doctor's characters.

While I mainly wrote these themes due to being inappropriately exposed to them as a child on the internet, I was **PAID** to write **RAPE** by SpacyGalaxy.

I was **12**, Spacygalaxy was **16**.

Sometimes Grace refuse to do SECX with him so he tied him up forcing him, sometimes Grace let it do it too tho it depends. If Grace dosn't do how Leonard wants Leo torture him with snakes since they are his biggest fear
but his favorite thing to do with him is *bONdAgE* (I feel so sorry now)

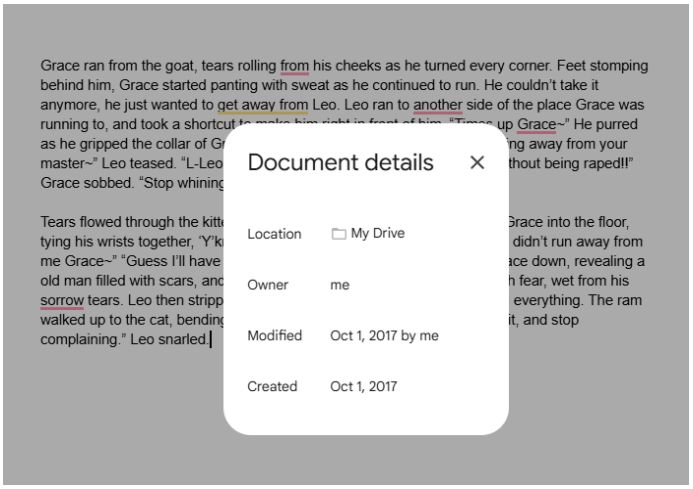
funny question
Dick size and breast size?
heheh, I KNOW-
IT'S ACTUALLY VERY IMPORTANT INFORMATION FOR ME TOO-

This was the **finished fanfiction,** and the date as proof of completion.
Read at your own risk.

Grace ran from the goat, tears rolling from his cheeks as he turned every corner. Feet stomping behind him, Grace started panting with sweat as he continued to run. He couldn't take it anymore, he just wanted to get away from Leo. Leo ran to another side of the place Grace was running to, and took a shortcut to make him right in front of him. "Times up Grace~" He purred as he gripped the collar of Grace's shirt. "You been a bad little kitten running away from your master~" Leo teased. "L-Leo please**!!** Just one day, I just want one day without being raped**!!**" Grace sobbed. "Stop whining, you sound like a fucking child Grace."

Tears flowed through the kitten's fur, onto the floor, "Pathetic." Leo threw Grace into the floor, tying his wrists together, 'Y'know this would of been so much easier if you didn't run away from me Grace~" "Guess I'll have to make this more difficult~" Leo stripped Grace down, revealing a old man filled with scars, and bruises from his cuts. His face was filled with fear, wet from his sorrow tears. Leo then stripped down, leaving them both naked, revealing everything. The ram walked up to the cat, bending down to his level, "Suck it up and deal with it, and stop complaining." Leo snarled.

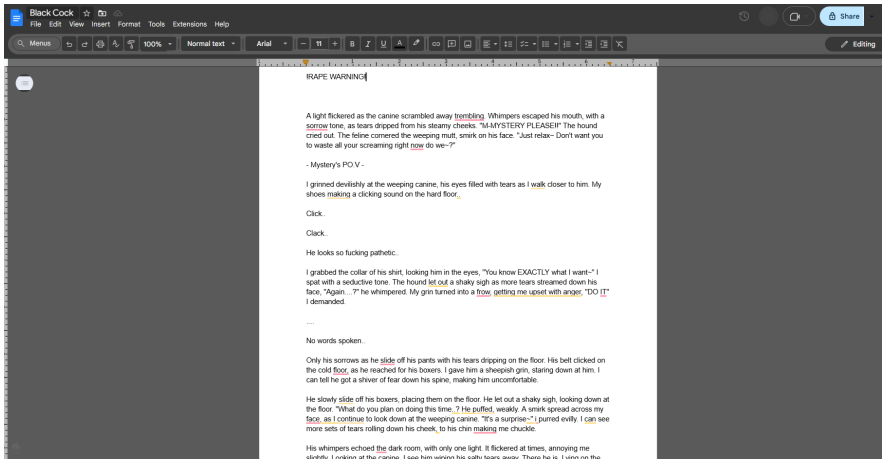


This was shown to provide context that I used to be very public about creating this type of writing, and **Twisted Doctor was aware** of that. **Twisted Doctor** and **SpacyGalaxy** were **close friends** at the time and **still are friends**. This post shows **evidence** of this.

I unfortunately do not have any proof of it but I recall creating a **rape fanfiction** with Mystery and Alfred as **payment** for a drawing from **Twisted Doctor** in 2017.

While **Twisted Doctor** did not specifically ask me to write rape, he **did not deny it** as payment for a drawing.

Here are screenshots of the finished fanfiction.
I was **12**, Twisted Doctor was **16**.



Black Cock
!RAPE WARNING!
A light flickered as the canine scrambled away trembling. Whimpers escaped his mouth, with a sorrow tone, as tears dripped from his steamy cheeks. "M-MYSTERY PLEASE!!" The hound cried out. The feline cornered the weeping mutt, smirk on his face. "Just relax~ Don't want you to waste all your screaming right now do we~?"
- Mystery's PO.V -
I grinned devilishly at the weeping canine, his eyes filled with tears as I walk closer to him. My shoes making a clicking sound on the hard floor..
Click..
Clack..
He looks so fucking pathetic..
I grabbed the collar of his shirt, looking him in the eyes, "You know EXACTLY what I want~" I spat with a seductive tone. The hound let out a shaky sigh as more tears streamed down his face, "Again...?" he whimpered. My grin turned into a frow, getting me upset with anger, "DO IT" I demanded.
....
No words spoken..
Only his sorrows as he slide off his pants with his tears dripping on the floor. His belt clicked on the cold floor, as he reached for his boxers. I gave him a sheepish grin, staring down at him. I can tell he got a shiver of fear down his spine, making him uncomfortable.
He slowly slide off his boxers, placing them on the floor. He let out a shaky sigh, looking down at the floor. "What do you plan on doing this time..? He puffed, weakly. A smirk spread across my face, as I continue to look down at the weeping canine. "It's a surprise~" i purred evilly. I can see more sets of tears rolling down his cheek, to his chin making me chuckle.
His whimpers echoed the dark room, with only one light. It flickered at times, annoying me

FINAL THOUGHTS

I wish I had more proof for most of the things I listed, but I hope, after all that has come out, you can believe my story.

I ONCE AGAIN WANT TO STATE THE FOLLOWING:
I am **NOT** trying to criminalize **Twisted Doctor** or **SpacyGalaxy** for things they did when they were **16**. However, showing these screenshots were crucial for the context and evidence of my story.

I don't want to ever be associated with these people or this drama. Do **NOT** reach out to me. Keep me **ANONYMOUS**.

I hope all the victims are handling this situation well and are/have healed. I knew most, if not all, of them personally, and my heart goes out to all of you.

SpacyGalaxy, I hope you have changed since the last time we talked in 2017.

Twisted Doctor, I hope you make the right decision.

Please let all our **voices** and stories **be heard**.
